

Board Game **The Colony** (BPN1012) *Blue Panther LLC*

"I want to get my hands on a copy of this game!" Eric Martin, Boardgameneews.com

The Colony is a mancala-like game for two players with a "six-legged" theme. Players take the role of rival ant colonies (black and red) that discover a recently cut wood pile. Live eggs still linger in the cut logs. To restore and control The Colony, players both collect and protect eggs. Collected eggs are moved to a safe location in front of the player. Players can place ants on the board which will protect eggs on the wood pile. The colony that collects the most eggs at the end of the game is the winner.

Complexity and strategy arise from a remarkably simple set of rules. 19 laser cut log "stumps" and 12 standup ant figures guarantee that this game will get the all important "Oooh – what's that?" from your customers!
